

## Magdalen Residential Visits - Magdalen Environmental Trust

Experience learning in the great outdoors with Magdalen. We work with schools to create tailor made educational experiences outside of the classroom that are exciting, practical, motivating and fun and that will stay with your students long after they have left. Our enjoyable and challenging residential trips are centred on outdoor activities that involve individuals and groups working together, learning to cooperate and developing independence. Our most popular themes are: Investigating rivers and streams, Hands on Farmers - visiting the animals and kitchen gardens, Survival in the wild - shelter building and fire lighting skills, Orienteering - mapping and team building, Low Ropes Challenge - (Year 5 and above), Habitat Hunting, Arts & Crafts.
