

## Education, Employment, Training And Re-Engagement And Support Team

Our education, employment and training support and re-engagement team supports young people who live in Dorset from the age of 16 to 19 (or up to the age of 25 for those most in need). Our team supports young people with: education, employment, training and re-engagement. The team support young people to continue education, find employment and access training in work areas that interest them. We work with our partners to identify and engage with young people who have not continued their education or started work. We support young people through mentoring and relationships. We may also work with the young person's family to support them. We focus on young people with special educational needs or disabilities, and care leavers, as well as other young people who need the most support.
